Feel free to contact any of your Directors if you have any comments, questions, inquiries, or feedback you'd like to provide.

Thank you Canadian Brown Swiss & Braunvieh members for your continued support to the breed. If you would like to have your farm profiled in our newsletter, or if you have any pictures we can use for publications, send them to BrownSwiss@holstein.ca

WELCOME TO OUR NEW MANITOBA DIRECTOR!

Special thanks to our outgoing Manitoba Board Director, Fred Mathys. Fred has contributed significantly to the Board and the success of the Association over many years. We truly appreciate his dedication and involvement, and we know he will continue to be a valuable resource. Thank you, Fred!

Louis Guimond has been dairy farming at Crikside Farms since 1989. They milk 63 pure bred Brown Swiss on 800 acres and have a free stall barn with a six-machine milking parlour. They practice regenerative farming; the cows are rotationally grazed in the summer months and fed round bale silage and hay inside in the winter. Louis speaks both French and English.

Message From Our President

Our annual general meeting is already behind us, but I have so many fond memories of my trip West. A room full of members, the vast majority of whom were Braunvieh breeders; a sumptuous dinner featuring Western beef; a fabulous silent auction; and best of all, some breathtaking scenery during my visit to the Banff Rockies. I had the chance to talk with several breeders and meet people who are passionate about their animals but, above all, who are true ambassadors for their breed. These discussions gave me a better understanding of the realities of your operations while helping me identify the strengths and weaknesses of our Association. I would like to thank the Organizing Committee for their warm welcome and take this opportunity to inform you that the province of Ontario has already expressed interest in hosting the 2027 meeting.

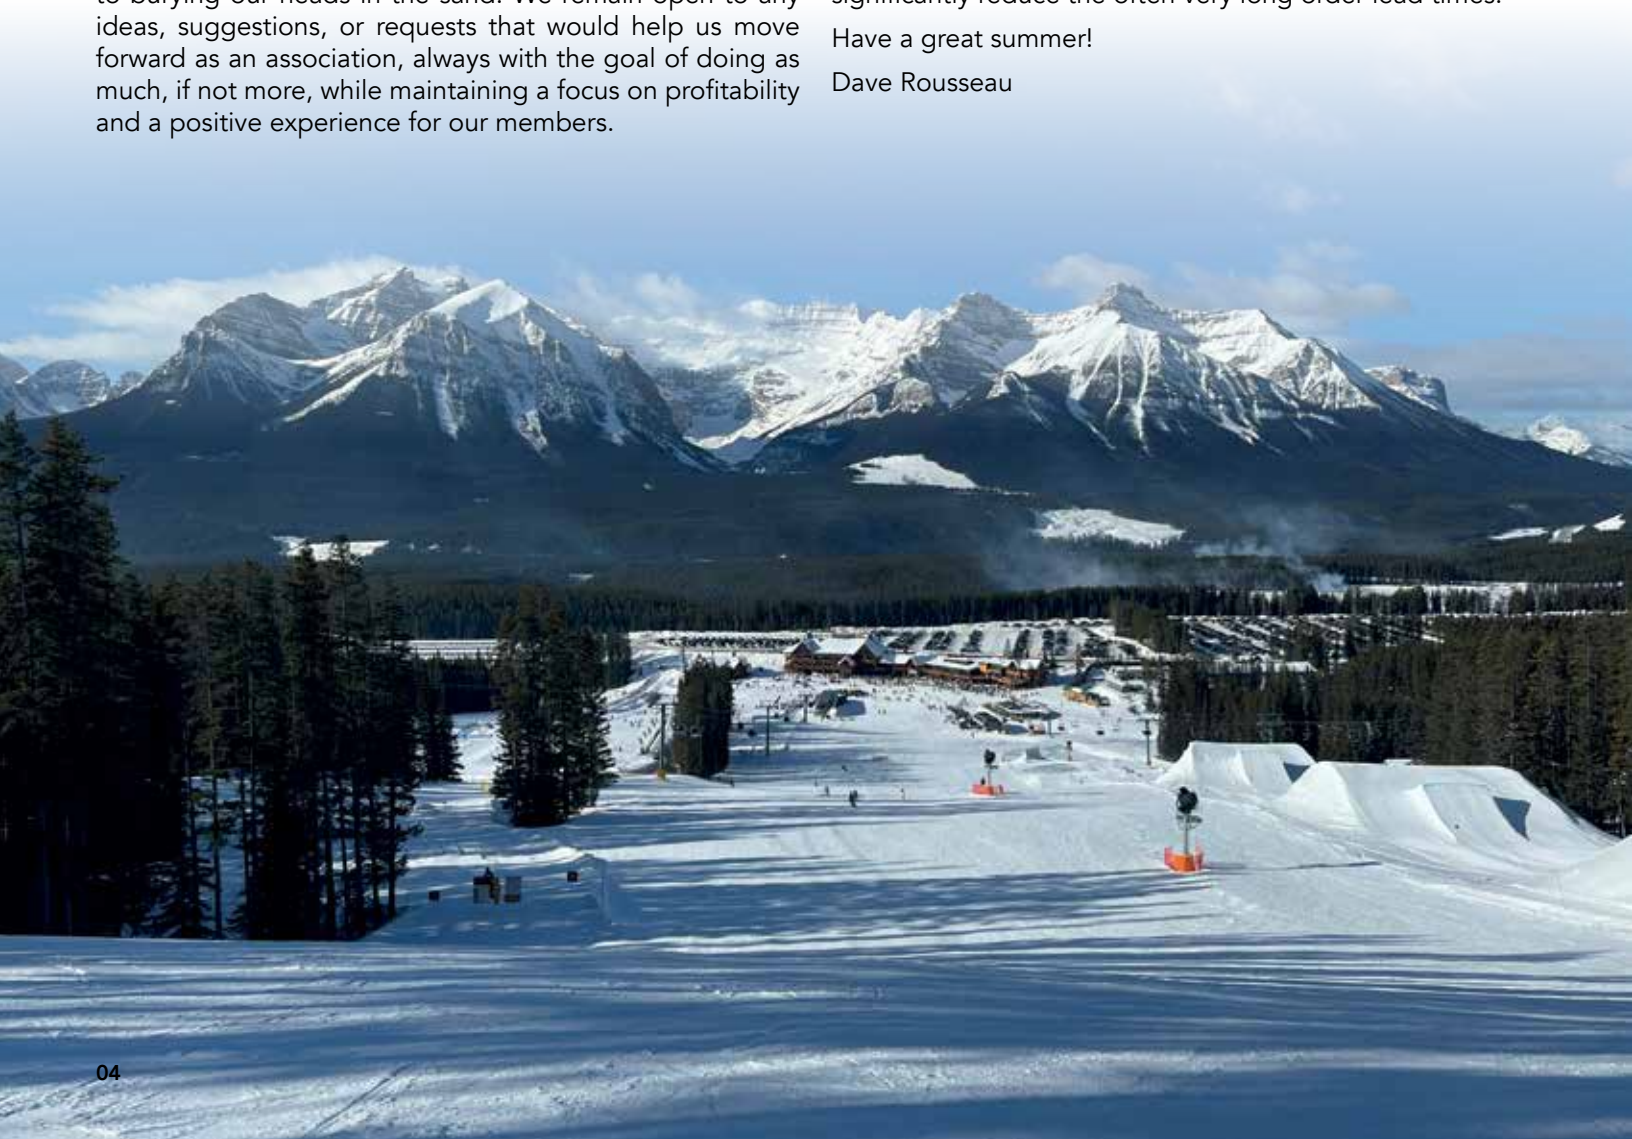

We have just completed another successful fiscal year, which will allow us to return funds to various provincial clubs upon request. We continue to view the next generation of farmers as both the future of our Association and a top priority. However, assuming that the future is rosy without striving to improve our Association would be tantamount to burying our heads in the sand. We remain open to any ideas, suggestions, or requests that would help us move forward as an association, always with the goal of doing as much, if not more, while maintaining a focus on profitability and a positive experience for our members.

Incidentally, when it comes to Canadian dairy breeds and following the multi-breed classification system that was introduced in 2005, we strongly believe that the next step must be an animal registration system that will allow you to submit registrations on the same platform, regardless of the breed you own, to simplify things for breeders. Even though discussions are only just beginning, seeing all the breed associations come together with a shared vision is, in my view, already a major step toward a future full of possibilities.

We are also working diligently on a joint initiative with New Generation Genetics and Semex to increase the number of available semen doses from certain elite bulls in order to facilitate their use and enable better genetic progress for the breed. The goal is not to reduce the supply of available bulls, but rather to ensure that the best ones are available more quickly and in greater quantities, without the need to plan these matings months in advance, given the long import lead times for semen doses. We still hope, however, for the purchase of a few bulls from Canada's best cow families, as being able to use a few local bulls would significantly reduce the often very long order lead times.

Have a great summer!

Dave Rousseau

2026 Annual General Meeting

The Canadian Brown Swiss & Braunvieh Association held their Annual General Meeting Saturday February 28th, 2026, at the Clique Hotel in Calgary. The meeting was held in person and saw a strong turnout, along with solid participation from those attending virtually. President Dave Rousseau chaired the meeting, welcoming members who joined in person and those online. The Annual Report can be found on the Website: browncow.ca / Information and Awards / News & Events.

Annual Awards were presented to breeders for top animals in a variety of categories; all awards can be viewed online at browncow.ca under Information and Awards / Show & Production Results.

We had the pleasure of hearing engaging farm presentations from several of our Braunvieh breeders. Sincere thanks to Shaely Junck (SMJ Braunvieh), Alana Schamber (Tin Forest Farm), Ueli Grob (Green Mountain Braunvieh), and Kelly Paxman (Paxman Valley Ranch) for generously sharing their time, insights, and experiences in agriculture.

Our auction was a great success and a lot of fun, showcasing a wide variety of items generously donated by our members. Thank you to everyone who contributed, and to all the buyers for your continued support.

Special recognition goes to the Alberta Braunvieh Association for their dedication in organizing and hosting the 2026 AGM. We also extend our thanks to Semex for their sponsorship support.

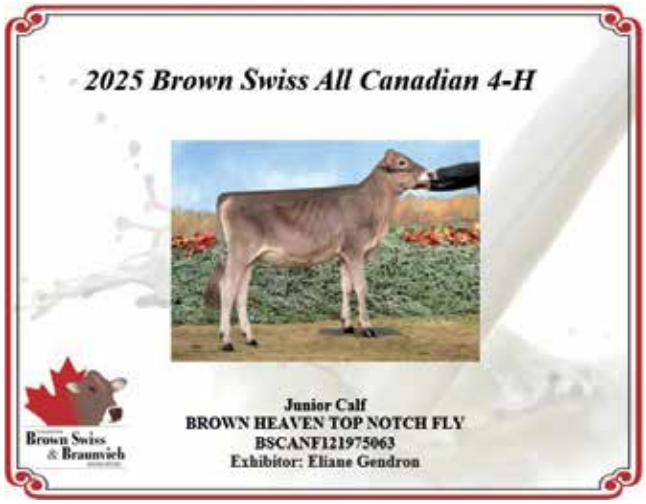

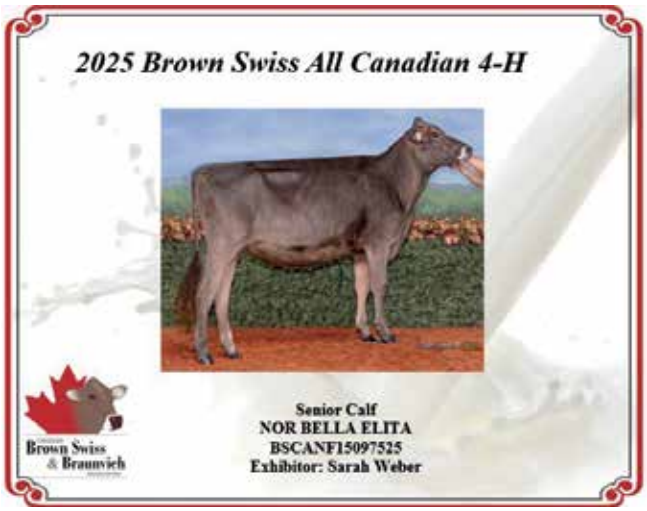

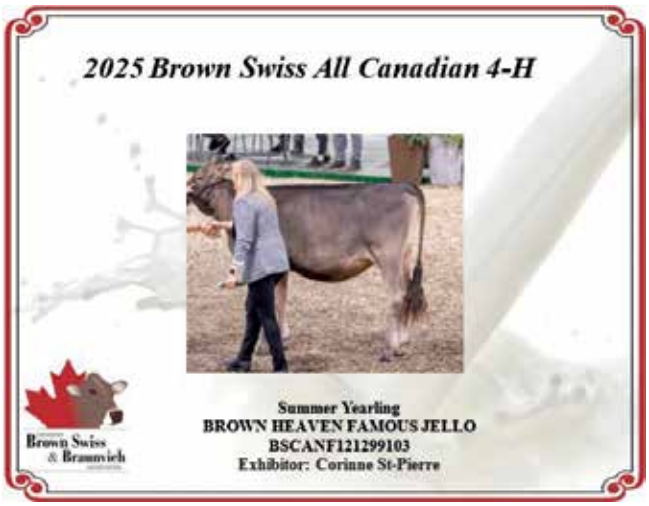

Congratulations to the

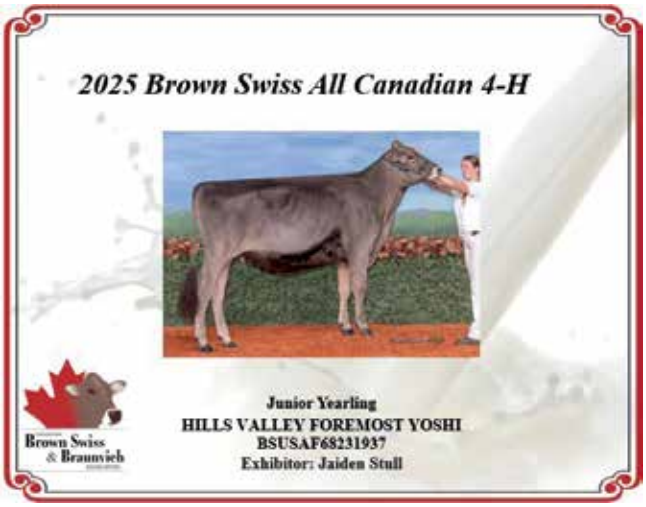

2025 All-Canadian 4-H Contest Winners

2026 ALL-CANADIAN 4-H CONTEST

REMINDER - When you are in the show ring this season, take a side profile photo of your calf, so at the end of the year you can enter the All-Canadian Brown Swiss 4-H competition.

PICTURES:

- It shall be the responsibility of the exhibitor to secure and supply the photos of animals being entered in the All-Canadian Contest.
- The photos must be 5 x 7 unretouched black and white or color glossy prints.
- Pictures must be made during the current year and show the animal in the same stage of growth as when she qualified in the show ring.
- The judges will have the authority to remove pictures from the contest if picture quality standards have not been met.

CLASSES FOR THE 2026 4-H CONTEST INCLUDE:

Brown Swiss Junior Class:
1. Junior Calf–Mar 1/26 – May 31/26
2. Intermediate Calf – Dec 1/25 – Feb 28/26

Brown Swiss Senior Class:
3. Senior Calf – Sept 1/25 – Nov 30/25
4. Summer Yearling – June1/25 – Aug 31/25
5. Junior Yearling – Mar 1/25– May 31/25

Applications can be found at www.brownswiss.com
(Click on Information and Awards, News & Events)

Canadian Brown Swiss and Braunvieh
Youth Showcase

The Association is excited to introduce a brand-new youth section in The Bell magazine!

Got something funny or interesting to share?

We'd love to hear from you!

Send us a photo of yourself along with a short caption for a chance to be featured in The Bell magazine.

Let us know what you've been up to!

Submissions can be sent to: brownswiss@holstein.ca

Tin Forest Farm's most adorable niece, Grace with a Braunvieh babe.

Harlie Jans and "Poppy".

4-H Appreciation

Hello, I am Harlie Jans, and I am ten years old. This is my three-year old Cow-Calf project in the Cowtown 4-H Club. "Lady" is a very quiet, loveable, and gentle cow. When "Poppy" was born, Lady licked her off right away. Poppy was up right away and was very eager to nurse. Poppy loves to run with her tail up and play with the other calves. At first, she didn't like the halter but now she likes to follow her mom when I put the halter on. My sister Bobbie is holding Poppy, and I am holding Lady in the picture. In 2022, I bought my first Braunvieh, and started with my own herd, "Crocus Braunvieh". I am looking forward to growing my herd. I love Braunvieh cows and I enjoy showing them.

Hello to The Bell readers! My name is Bobbie Jans, and I am proudly in my fourth year of 4-H. My cows are a huge part of my life. Katina, who is now four years old, was my first 4-H heifer. This year, she had a baby girl and I named her Paola. My three-year-old cow Love hasn't calved yet, but she's sweet and always curious about what I'm doing. Monroe is my calm girl, and her baby girl was just born. Pebbles is full of energy and keeps me laughing and smiling. She is in the picture here with me. Nina is my heifer, and she's got a bit of personality, but I love working with her. Oh, and then there's Nash, my steer, who I've also been training and getting ready for shows, and soon he will be beef, on someone's plate. I love a tasty steak or delicious burger, but he will be sold to someone who loves beef too! I love taking care of all of them with feeding, brushing, leading, cuddling, and tons of love. I'm strong, and I have a passion for Braunvieh cattle, being out with my cattle is my favourite place to be. Western Braunvieh is my herd name, and I am excited to keep growing my herd.

Canadian Brown Swiss and Braunvieh Association Annual General Meeting

What a great time was had at the recent Canadian Brown Swiss and Braunvieh Annual General Meeting, hosted at the Clique Hotel, in Calgary! There was strong attendance both in person and online, connecting breeders of both Brown Swiss and Braunvieh. It was truly a celebration of our breed, our people, and the strength of the members across Canada.

From start to finish, the AGM was filled with meaningful conversations, shared knowledge, and plenty of laughter. It was wonderful to see both familiar faces and new members come together with a shared passion for Brown Swiss and Braunvieh cattle. Events like this remind us that our Association is not just about the cattle, it's about the people behind them, the families, and the future of our industry. It was so nice to have farm presentations from Shaely Junck of SMJ Braunvieh, Alana Schamber of Tin Forest Farm, Ueli Grob of Green Mountain Braunvieh and Kelly Paxman of Paxman Valley Ranch. Thank you for sharing about your operations and experiences in agriculture with Braunvieh cattle.

Thank you to the Clique Hotel Calgary for such a wonderful stay. Your convenient location made traveling to and from the airport incredibly easy for accessibility for flights and travel. The culinary delights at the Tonic Bar & Restaurant were outstanding along with excellent service. The atmosphere of the meeting room, restaurant and staff were very appreciative of hosting our AGM there.

The Alberta Braunvieh Association extends a sincere appreciation to all sponsors and donors, whose support made this year's AGM possible. The generosity shown, whether financial support, services, donated items, continues to strengthen our breed community. A special thanks to all the individuals, farms, businesses who donated, it is greatly appreciated. The contributions added excitement to the event but also helped raise valuable funds. The creativity and generosity behind each donation are so appreciated, making the silent auction a great success.

A special thank you to the Alberta Beef Producers for sending a delegation and for their support, it was great to connect and have conversations with those in the beef industry. It is a fantastic time to be in the cattle industry.

Farmfair International 2026

Looking ahead, we are excited to extend a warm invitation to all Canadian Braunvieh members to participate in Farmfair International 2026, taking place November 5-8, 2026, at the Edmonton EXPO Centre in Edmonton, Alberta

Farmfair International is one of Canada's premier agricultural events, bringing together top cattle producers, industry leaders, and visitors from across the country and around the world. It's an incredible opportunity to showcase your herd, connect with fellow breeders, and promote the Braunvieh breed on an international stage.

To encourage strong participation from our membership, a set amount of show ring fees will be covered for Braunvieh exhibitors this year. Our goal is simple: we want to see more Braunvieh cattle in the ring and more of our members involved in this outstanding event. Whether you are a seasoned exhibitor or considering showing for the first time, this is a great opportunity to step into the ring and be part of something special.

Cattle exhibitor entries for Farmfair International 2026 will open on September 1, 2026, and close September 22, 2026. Members are encouraged to review breed-specific class details and submit entries early once registration opens. Exhibitor registration will be available through the official Farmfair International website under the "Become an Exhibitor" section.

Farmfair International has long been recognized as a hub for showcasing elite livestock genetics and building connections within the agricultural community internationally. Bringing Braunvieh cattle to this stage helps strengthen breed awareness, support our members, and highlight the quality and versatility of our breed.

In closing, thank you to everyone who attended the AGM in Calgary and your continued support to the Canadian Brown Swiss and Braunvieh Association. Your involvement is what keeps our community strong and growing.

We look forward to seeing you all again soon. Next stop, Edmonton - Farmfair International!

Turning the Page

Spring is nearly here with a promise of warmer weather and grand summertime. I have been working at Four Oak Farms for just over 4 years now. I find it hard to believe that much time has passed, but I can say I have truly enjoyed the work and many new friendships.

This job has shown me the true meaning of hard work and responsibility. I believe it is good to learn those things young, so you can incorporate them into endeavours anywhere in life. Work on a farm never ends and I learned that a little more when Marcus and Paige went on several vacations and left me "in charge." I learned a lot in those weeks to observe and understand what the problems were, and it gave me a chance to work closer with the cows. I have loved working with Brown Swiss cows, and they often give me a reason to smile as I learn each one's little habits. I find them to be gentle giants. I have been around cows most of my life but only these last 4 years have I begun to understand more about them. I learned more about what cows need to stay happy as well as how our robotic milking system runs and how to fix some of the little things.

I am sad as it comes closer to my departure from the world of dairy farming. I will miss the work and the challenges I came across. I found a second family among the people at the farm, and I know I will miss everyone. You all know who you are. This summer I will be going to work in a greenhouse and come fall I will be moving to Ontario to attend tech school. It will be quite a change in life, but I look forward to the new challenges.

ONTARIO NEWS

April 2026

We have made it through another winter. Again, we are having an extremely wet spring, with rivers very high and fields under water.

This spring our Board of Directors, being led by Wendy Abell, are working on updating our new logo, which we will be able to use on our 4-H Awards and promotional items.

Our 4-H program in Ontario is strong. Last year we had over 20 members finish a project with a Brown Swiss calf. If anyone is interested in borrowing a calf for a 4-H Project, please contact one of the Directors in your area.

We have two major Brown Swiss shows in Ontario each summer. The first one is at the Hanover Fair, and our show will be on Saturday, August 8. The second one is at the Kincardine Fair on Saturday, September 5, on the Labour Day weekend. Our 4-H members are traditionally a major part of these shows. It is great to see the results of their summer projects with Brown Swiss calves. Wendy drafted a letter asking that the 4-H members with Brown Swiss be allowed to show at their local and regional Holstein Shows as incentive to encourage youth in agriculture. It is our hope to have enough Brown Swiss heifers to have a dedicated class at the TD 4-H Classic in 2026.

We will be holding our annual picnic this summer; at this point we do not have a confirmed location. If anyone is interested in hosting our summer social event, please contact a Director!

Looking Ahead to 2026: Successful Gatherings and Events You Won't Want to Miss!

Hello to all Brown Swiss enthusiasts!

The start of 2026 has been particularly exciting for our breed in Quebec. Last February, we had the pleasure of holding our **AGM jointly with Jersey Québec in Victoriaville**. This joint convention gave us the opportunity to network, share best practices, and celebrate the vitality of our two breeds together.

Following this gathering, a new Board of Directors was chosen. We are pleased to welcome **Cindy Boisvert** and **Clémence Marcoux** (relief position) to our team. The Board elected me as **President**, and I will be working alongside **Josée Charron** as First Vice-President and **Michael Daigle** as Second Vice-President. I would like to take this opportunity to warmly thank **Cynthia Fillion** for her many years of involvement and dedication to the Board.

On **April 9**, I had the pleasure of taking part in strategic discussions with the **Quebec Dairy Breeds Council (CQRL) for the first time**. This is a great way to represent Brown Swiss interests among other breeds and coordinate our efforts for the future of the industry. We are working hard to ensure that our **beautiful breed continues to stand out for its milk components and longevity!**

Brown Swiss: A Winner with the New Payment System

Speaking of components, recent developments prove us right. With the implementation of the **new payment system for components by the PLQ in April 2026**, protein is more valuable than ever. This is a golden opportunity for us, as our Brown Swiss is undoubtedly a **winner with this new system**. Thanks to its natural ability to produce protein-rich milk with an exceptional fat-to-protein ratio, our breed helps producers maximize their income. It pays to have Brown Swiss in the barn!

Come Visit Us in the Lower St. Lawrence Region!

The highlight of the summer will undoubtedly be our traditional **Brown Swiss Picnic**. This year, my partner, my family, and I are thrilled to welcome you to our home at **Ferme Charluson Inc. in Saint-Cyprien on August 1, 2026**. The **fourth generation of Labrie** on the farm will be proud to open their doors to you.

Everyone is welcome! This event is meant to be very **friendly**, as the invitation is extended not only to farmers but also to families, curious visitors, and anyone who loves animals. We will have a delicious ***méchoui* cooked on-site** for lunch!

There will be **games and inflatable attractions for the kids**, and for the adults, a **bar service** will be available. Come and enjoy a truly family-friendly gathering in a relaxed atmosphere.

Online ticketing: To make things easier, tickets will soon be available for purchase via the **Zeffy** platform, which will allow you to easily book and pay for your tickets. Stay tuned – I will share the booking link shortly!

Brown Swiss Cup in November

Finally, preparations are well underway for the **Brown Swiss Cup**, which will take place in November 2026 – a perfect showcase to highlight the results of your breeding efforts. We will soon be announcing the name of our judge for this year's event.

Registration will open in a few months. **Breeders will be officially notified** at the appropriate time to register their animals.

We look forward to welcoming you to Saint-Cyprien!

Dave Labrie
Ferme Charluson inc.
President, Quebec Brown Swiss Club

News from Quebec

Welcome to the Quebec Board of Directors, Clémence Marcoux!

My connection with the Brown Swiss began over ten years ago, when I started spending time on my family's dairy farm. I fell in love with them right away, as I was immediately fascinated by this breed's hardiness, longevity, and high milk production. Over the years, I bought my own animals and was able to see for myself the exceptional nature of Brown Swiss cows (they're adorable). I became actively involved in agricultural shows, which allowed me to share my passion and learn a great deal from other breeders.

Without a doubt, I would say that the main strength of our Brown Swiss breed in Quebec lies in its versatility. These cows are excellent in terms of both conformation and milk production, with high yields of fat and especially protein. Their good nature and longevity make them financially beneficial for Quebec breeders, who face unique climatic challenges. They adapt remarkably well to our conditions.

Within ten years, I expect the Brown Swiss breed in Quebec to become the benchmark for sustainable and profitable dairy production. I envision it being recognized for its genetic excellence and capable of meeting growing demands in terms of animal welfare and environmental impact. I hope it will be the breed of choice for young farmers seeking to optimize their profitability while maintaining their quality of life.

In my view, the Association's top priority should be to continue actively promoting the Brown Swiss breed to new breeders and younger generations, highlighting its economic benefits and ease of management. We must renew our membership base and support innovation within our herds.

I chose to join the Board of Directors because I firmly believe in the Brown Swiss breed's potential in Quebec. My goal is to actively contribute to its development, share my experience, and collaborate with other members to address challenges and seize opportunities. What drives me is a desire to advance our Association and strengthen the Brown Swiss breed's position in our region.

News from Quebec

Welcome to the Quebec Board of Directors, Cindy Boisvert!

My name is Cindy Boisvert, and together with my partner, I co-own a dairy farm that was unfortunately destroyed by fire on January 9th. All of our milking cows perished in the fire. Brown Swiss made up 40% of our herd.

I first saw Brown Swiss cows in 2021. Their names were Star, Charlie, and Laurie. I fell completely under their spell, with their beautiful mouse-like ears.

However, I knew nothing about cows: I was a city girl who had met a farmer. So, at age 34, I left the city to go live on a dairy farm. I quickly rolled up my sleeves and took over the farm's bookkeeping. In 2022, our son was born. Then, in May 2024, I earned my college diploma (Attestation of College Studies) in the Agricultural Business Management program and in November 2024, I became a co-owner of the farm, with the goal of expanding our herd of Brown Swiss cows.

The breed's main strength: What do you think is its biggest asset in Quebec?

This breed's hardiness means the cows adapt well to Quebec's climate, whether it's the heat in summer or the cold in winter. And let's not forget its excellent milk components and fat/protein ratio.

Vision for the future: Where do you see the breed in ten years?

I would very much like to see this beautiful breed receive the recognition it deserves and for more producers to include it in their herds. In fact, given the high demand for protein, this breed would be a logical and profitable choice.

The challenge ahead: What is the Association's top priority?

To increase membership by promoting this breed, which has everything it takes to meet today's demand.

Your motivation: Why did you choose to get involved on the Board?

I'm getting involved because, in my opinion, this wonderful breed should be recognized for its true value. These are extraordinary cows: they're hardy, they adapt more easily to weather changes, and they're strong cows. You have to see them—they deserve to be better known. Being part of the Board gives me the chance to work directly with other passionate people to advance the breed.

Cindy

Ferme Charluson Inc.

Balancing Tradition with a Vision for the Future

Located in Saint-Cyprien, Quebec, Ferme Charluson Inc. is the result of a passion that has been passed down and refined over the years. Under the leadership of Dave Labrie, the business stands out for its rigorous management and deep commitment to genetic excellence, and proudly bears the "Charluson" prefix.

As owner of the farm at the age of 49, Dave Labrie combines theoretical knowledge with solid practical experience. A graduate of the ITA's agricultural business management and technology program in La Pocatière, he laid the foundation for a modern management approach where every decision is carefully considered to optimize herd health and the farm's overall performance.

The future of Ferme Charluson Inc. looks bright, thanks to the presence of a potential successor, William Malenfant. Having earned a vocational diploma in dairy production, William brings technical expertise and fresh energy to the operation. His arrival ensures continuity in the quality of work and the sustainability of the farm's agricultural heritage.

The farm currently holds a quota of 56 kg. The facilities are designed for comfort and efficiency: milking cows are housed in tie-stall barns, while the young stock is housed in a free-stall system.

Additionally, animal welfare is at the heart of the farm's practices: from June to October, both milking and dry cows enjoy the outdoors. They graze on rotational pastures, a proven method that maximizes grass quality while preserving soil health.

The Charluson herd stands out for its interesting and balanced mix of breeds, focused on component yield:

- 50% Brown Swiss: this breed is the core of the farm's breeding expertise, chosen for the exceptional quality of its milk (fat, protein and excellent ratio).
- 47% Holstein: for their high production capacity.
- 3% Canadienne: for a touch of hardiness and a nod to history.

Production averages

Brown Swiss: 9,373 kg 4.77 3.65
Holstein: 10,998 kg 4.63 3.59
Canadienne: 6,700 kg 4.42 3.50

In the spring of 2026, the herd includes:
4 EX
11 VG
21 GP
4 G
10 NC

The farm's feed strategy is geared to stability. For several years now, the entire crop has been turned into haylage. Crops grown are a mix of forage oats, forage wheat and Sudan grass (a cover crop), ensuring optimal forage quality year after year.

Dave Labrie's definition of the ideal cow is a well-balanced, unshowy animal that combines very good conformation, strong production and excellent components. Above all, the ideal cow must calve every year and have a long productive life. In short, he likes a cow you can almost forget about because she gets on with the job without ever causing any problems.

Dave's love affair with the Brown Swiss breed began in 2007, when he met a Semex representative. Despite suffering a tragic fire in late 2011, he rebuilt in 2012 by purchasing a Brown Swiss nucleus herd in the United States, thereby relaunching the farm on a solid foundation.

If you ask Dave to name his favourite bloodline, he doesn't need to think twice: it's the "F" family. It all began with Félicité and Fannya, two embryos he bought when they had already been implanted on two separate farms in the area. Dave went to pick up the heifer calves at birth and brought them to Saint-Cyprien. Today, this line and its offspring make up a large part of his Brown Swiss herd.

Sire selection at Ferme Charluson Inc. is not left to chance. For Dave, this is a long-term process that requires many hours of study to identify which bull best suits each cow. In this quest for excellence, he works closely with the technical advisor from the Quebec Brown Swiss club.

Far from resting on its laurels, Ferme Charluson Inc. is teeming with projects. A major challenge will be building an extension to the barn to install modern calving pens and a brand-new nursery. At the same time, Dave is pursuing his strategy of steady growth by buying quota every month.

On a day-to-day basis, Dave can count on the unwavering support of his life partner, Charles, who assists him in managing the business. Together, they run two businesses that operate seven days a week: while Charles focuses on managing the second entity, Dave runs the farm, but both provide each other with invaluable help.

The story of Ferme Charluson Inc. is, above all, the story of a family rooted in the soil of Saint-Cyprien since 1901, embodying a passion for agriculture and livestock farming that has lasted for 125 years.

Dave Labrie
Ferme Charluson Inc.
President, Quebec Brown Swiss Club

2025 BROWN SWISS CUP

Celebrating Brown Swiss Excellence in 2025

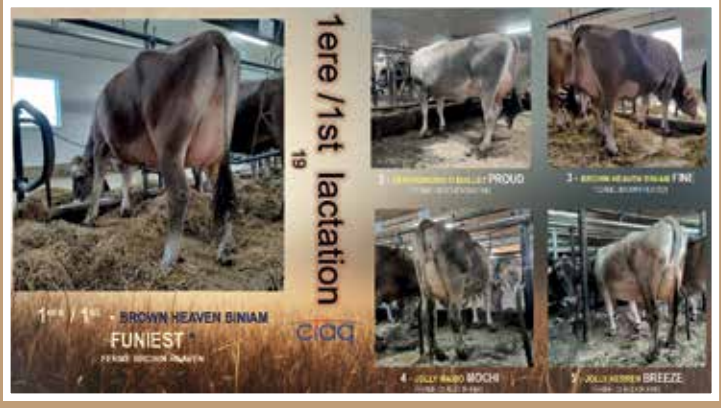

With immense pride, we are pleased to present the results of the 2025 Brown Swiss Cup, held in close collaboration with Ciaq. This contest once again demonstrates the exceptional spirit and expertise of our province's breeders.

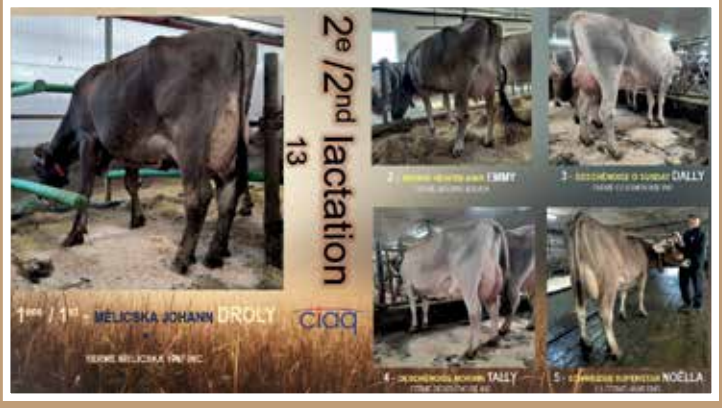

This year, our tour was particularly memorable:
5 days of intensive visits across Quebec
22 passionate breeders who opened their doors to us
55 cows of remarkable quality submitted for evaluation

Thanks to Ciaq's support, this event highlights the genetic excellence that defines our breed. Under the expert eye of our judge, Mr. Brett Haines, each animal was scrutinized for its morphological qualities and productive potential. The results we are about to unveil reflect years of hard work in the barns to combine cutting-edge genetics, longevity, and dairy performance.

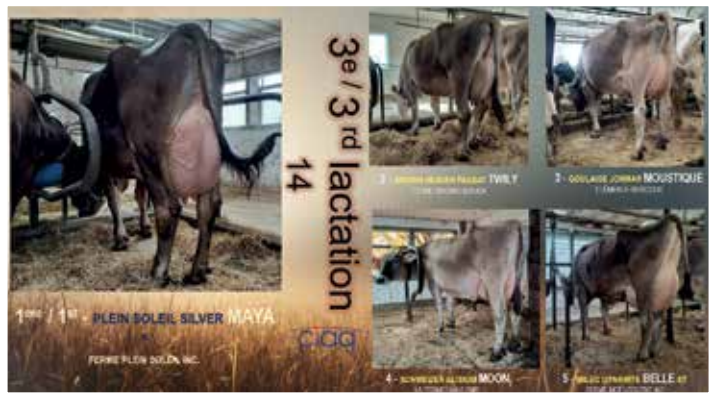

We would like to extend our warmest thanks to all participants for their hospitality and commitment, as well as to Ciaq for their essential partnership. Congratulations to all owners for the exceptional quality of the animals presented this year.

And now, let's meet the top winners of the 2025 edition!

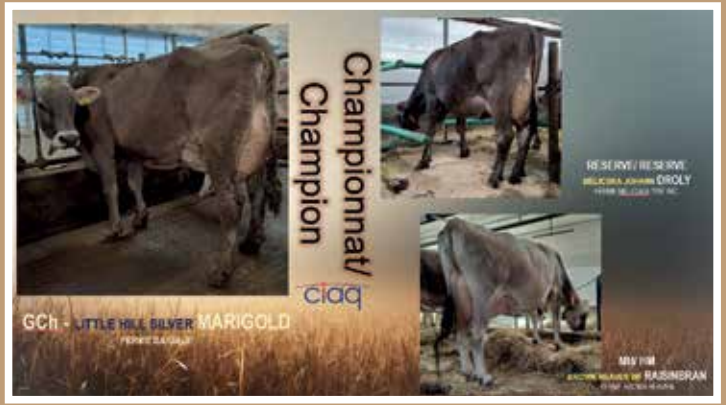

2025 BROWN SWISS CUP

Message from the Registrar

SPRING UPDATE FROM THE REGISTRAR'S OFFICE

Hope your year is off to a great start! As the weather warms up and summer approaches, it's a great time for a quick update from the Registrar's Office.

Here's where things stand so far in 2026

January 1 – March 31:

- 4 new members have joined the Association
- 329 registrations have been completed
- 177 classifications have been completed

Registrations have shown an increase compared to the same period in 2025!

Falling behind on registrations?

No worries, we're here to help! Reach out to see if you qualify for our catch-up program.

Wondering how to submit a registration?

- A fillable registration form can be found online at browncow.ca, you can email your completed registration form to the Registrar's office at brownswiss@holstein.ca.
- Submit your registrations through your Holstein web account via the "Dairy Breed Applications" tab.
- Electronic Registration Application (ERA): Use your existing records prepared from your on-farm software to register animals
  - Helpful how-to guides available: www.holstein.ca/Public/en/Services/Registration/How_to_Submit_Registrations

Sold/purchased an animal?

Please submit your transfer form directly to the Registrar by mail or email. Make sure to include:

- A copy of the certificate of registration (An electronically submitted transfer application or written/electronic agreement is also acceptable)
- The date of transfer
- The seller's signature or written approval

I will be starting my maternity leave at the end of May. While I'm away, the customer service team will be overseeing your work and will be happy to help with anything you need. If you have questions or require assistance, please feel free to reach out to the Registrar's Office at brownswiss@holstein.ca or by phone at 1-855-756-8300 (click 5 for Dairy Breeds, then 2 for Brown Swiss and Braunvieh).

Warm regards,

Isabelle Passaretti

Registrar
