

B CANADIAN Brown Swiss & Braunvieh Association

December 2009

Message from our President

Thank you to all of you who helped to make the Royal show a success! Thank you especially to Jessie, Sonia and Bruce Mason for phoning the exhibitors to encourage them to come to this year's show. Also thank you to our judge Norman Magnussen who did a great job placing the cattle in a timely, efficient way. Most importantly, thank you to the exhibitors who made the show happen. I'm always amazed by all the effort put in by exhibitors driving half way around the world to get there and back, and all the time spent caring for the cattle. Thanks, that was the best promotion for our breed.

I'm glad Jessie printed a new Members Directory. I like it, it's a handy tool. At the Directors Meeting we dealt with the business that came up during the year. Genomic testing seems to be on everybody's mind. I think it will be another tool for us to use to breed better cattle, but it won't bring any miracles. The Board motioned to support the Genomic Testing Project to help pay for testing some of our Canadian Brown Swiss genetics. This project will give us a nice base for genomic testing in our country. The way it looks right now everyone in Brown Swiss will bring their genomic data to a worldwide pool, the ones that support the pool get access to all genomic information in the pool.

At the Annual Meeting we dealt with the proposal from Quebec. It states that a cow has to be at least 75% purebred to be in the index list. We received feedback from the CDN Board that they would accept this proposal. Regarding the classification proposal we will have a workshop at our next Annual Meeting in Manitoba with the classifier. The Board will decide after the workshop what is in the best interest of the breed.

The Annual Meeting will be held in Manitoba. It looks like it will be a good one. The Manitoba Club is organizing a great barn tour, a high quality sale, a classification workshop and lots of fun. I hope to see many of you there.

One of the nice duties of a President is to thank everyone for all the help to keep the association going. I wish everybody a Merry Christmas and a Happy New Year.

*Brown Swiss
Components that pay,
Cows that last*

Your President, Ernst Gubelmann

Provincial Brown Swiss Club Reports

Ontario

It's hard to believe, but here we are looking forward to Christmas already. So far we have had a fairly warm, wet fall. The snow will come soon enough.

Our breeders put on a good show at the Kincardine Fair again this year. Thirty-eight animals were shown by five exhibitors. Junior Champion was Jolahof Agio Juliana, shown by Ernst and Stefan Gubelmann, and Reserve Junior Champion was Nor Bella Agenda Royale, shown by Norbella. Grand Champion was won by Nor Bella Jetway Portrait. Norbella also won Breeders' Herd. Reserve Grand was Gubelman Dora's Regina. Ernst and Stefan Gubelmann also won Premier Breeder, while Premier Exhibitor was Dun Rovin Acres. Congratulations and thank you to everyone who participated in the Kincardine Fair.

Our Brown Swiss Miss this year is Amber Elliott from Kenilworth. We are looking forward to getting to know Amber throughout the year. We would like to thank the Elliots for hosting our barn meeting this year, and the Signers for holding our annual picnic. We also thank Ernst Gubelmann for organizing our sale again this year. We also appreciate the work done by our board of directors: Chairman David Bates, Kevin Osborne, Daniel Bates, Romy Schill, Larry Workman and Harold Jelinski.

Merry Christmas to everyone and best wishes for the new year.

Tracy Reid

Manitoba

The Manitoba Brown Swiss Association is proud of the following juniors who showed Brown Swiss heifers in the 2009 Manitoba Stampede 4-H Show : Aaron Berg, Robert Guimond, Theresa Guimond, Alice Guimond, Bianca Dueck, David Berg, Jared Dueck and Paige Thompson.

2010 Brown Swiss Princess is Sandra Buechi.

World Dairy Expo 2009 – Brown Swiss Show

The 2009 edition of the Brown Swiss Show at World Dairy Expo was certainly a spectacular display of the breed's finest. Some 382 head were under the scrutiny of David Sprengeler from Minnesota. Dave's associate was Angelo Pozzatti of Italy. Bradner Farms of Abbotsford B.C. garnered the first Championship ribbon of the day claiming Junior Champion on Dan Maur Logic Shilo (R Kruses Denmark Logic) the winning Spring Yearling. In the milking classes, the Intermediate Champion would go to the winning Sr 3 Year old Top Acres Pilot Groovy for Blessing, Mort, Osborne & Garrison. Reserve was the winning Sr 2 year old R-Hart BC Cayene for R-Hart Farms in Ohio. Bradners would have 4th place on their Eskimo daughter while Swiss Dream would be in 7th. In the senior milking classes, Ja Ka Hillary Hillbilly would be 1 third position for Bradners in the 4 year olds and Red Brae La Zeus Tatti J would be 4th in the 6 & Over class. Winning the Component Merit Class and eventually claiming her 6th Grand Championship at Madison was none other than Old Mill E Snickerdoodle. Seemingly indestructible, Snickerdoodle looked awesome in her win. Jo-Dee Prelude Nancy the winning 4 year old would settle for the reserve rosette.

World Premier Brown Swiss Sale

33 head were offered in the sale with the average being \$4063.

Top seller at \$8100.00 was Brothers Three HP Whip It. This Legacy daughter is out of Brothers Three Wisper 2E-92. Second high seller at \$6600.00 was SDF Legacy Suspense a March daughter of Old Mill PT Shazam E90 with the next dam being the Legendary Snickerdoodle. Third High in the sale was Top Acres Garbo Brandy at \$6200.00. She was an October 08 Avalanche daughter of Top Acres Pre Bouquet 2E94 a 3X All American and WDE Class Winner

Royal Agricultural Winter Fair 2009 – Brown Swiss Show

The 2009 edition of the Royal Brown Swiss Show saw some 80 head be appraised under the astute eyes of Mr. Norman C Magnussen from Lake Mills, Wisconsin. Known as Mr. Brown Swiss, Norman owns and operates Brown Swiss Sales Service a family owned operation with over 60 years of experience. Norm did a masterful job of assessing the entries as well as explaining his reasons for doing so as the ribbons were being presented. Quality was evident and ran deep in every class with the winners being split out amongst a lot of different exhibitors.

Bradner Farms from Abbotsford BC scored big in the Junior Champion class owning both rosette winners. Repeating her Junior Champion win from Madison was Dan Maur Logic Shilo the first place Junior Yearling. In reserve was the Winning Senior Yearling Thompsview Shanas Shanny. Bradners had to settle for 2nd place in the Junior Herd class as the trio from Edencrest Swiss captured the red ribbon.

The milking classes started off with the Milking Senior Yearling. Elite Dairy of Copake New York, the partnership of Ken Main and Peter Vail captured first place on Frosted Sieg Whynot. In the Junior 2 year olds, a Legacy daughter Sequa Legacy Lila would be first for Bradners with Silver Top Dy Charlotte in second.

The Senior 2 year olds was strong class of young cows with Cutting Edge Zeus Sparrow from Elite Dairy edging out Jackie Burgess' entry of Nor Bella Supreme Sugar. In the Three Year olds it was Elite Dairy taking the win on their 2nd place finisher at Madison, Brothers Three Brandi (Hilltop Acres En Dynasty) in 2nd was Top Acres Jetway Prize who just edged out the 4th place Madison cow Morsan Eskimo Courtney the daughter of a previous 2X Royal Champion Poplar Oak Courtney. This pair of winning 3 year old would go on to be named Intermediate and Reserve Intermediate Champions

In the senior cow classes, the 4 year old were led by Old Mill JP Grace from Elite Dairy. In second was Ja-Ka Hillary Hillbilly who stood 4th at Madison. Next was a Cartoon daughter from Brown Heaven Swiss in Quebec. Fred Mathys and Markus Mueller were in fourth with their Jubilee entry. In the 5 Year olds, Elite Dairy would capture the red on Dublin-Hills Treats (Kruses Ponente Franco) Nor Bella Acres was 2nd with their Jetway daughter while Bartstar Livestock from Durham Ontario was third with Maycco Presto. The Mature Cow class would see Elite Dairy again win with their 3rd place from Madison, Sunnysle Kb Tristan. By Jetway Colby, she would edge out Forest Lawn Anthem Busy the Nasco type and production winner from Madison. In 3rd was the popular Eventide Duke Daisy who has been a 2 X champion at the Royal.

Elite Dairy would capture both the Grand and Reserve with Sunnysle KB Tristan being grand and Old Mill JP Grace taking reserve and the Best Udder Award. Premier Breeder was Nor Bella Acres with Elite Dairy taking the banner for Premier Exhibitor.

The CanWest DHI Production Award winner was Nor Bella Jetway Portrait for Nor Bella Acres and the Edenridge Farms Production Trophy went to Eventide Duke Daisy for Edencrest Swiss. The Markus Mueller Total Performance Award was won by Nor Bella Jetway Portrait for Nor Bella Acres.

On behalf of myself and the Canadian Brown Swiss Association, I'd like to congratulate everyone who made the effort to be at the 2009 Royal either as an exhibitor, sponsor, spectator or helper at the show. Jessie and I had a chance to visit with every exhibit prior to the show. The quality was exceptional, the cattle outstanding and people were very positive. Congratulations on a GREAT JOB.

As we approach Christmas I want to extend my personal best wishes to each and everyone. Take some time to enjoy your family and friends as we celebrate the "Greatest Gift of All". From our family to yours.....Merry Christmas

CLGA Celebrates Ten Years

In September 1998, the Boards of Directors for the Canadian Association of Animal Breeders, the Canadian Livestock Exporters' Association and the Canadian Embryo Exporters' Association (CAAB, CLEA and CEEA) agreed to form a Transition Team charged with the mandate to create a new organization which would be well positioned to effectively serve the Canadian livestock genetics industry in the future. The focus of the new organization was to be on providing a strong collective voice for discussing common issues and negotiating solutions with a focus on areas of animal health, trade, government relations and industry consultation.

Chaired by Dr. Clare Rennie, the Transition Team was composed of Paul Larmer, Jim Weaver, Jady Grad and Tom Hays. The team worked quickly, consulting with industry along the way to define the new organization's role and structure. By the summer of 1999, the search for an Executive Director was underway and Rick McDonald started in that position at the end of September.

The first Board of Directors composed of Tom Hays, Hon. John Wise, Peter Draper, Dr. Clare Rennie, Paul Larmer, Jady Grad, Jim Weaver, Herb McLane, and Pierre Trudeau met on October 4, 1999 and made the following appointments:

- Hon. John Wise, Independent Chair,
- Jim Weaver, President
- Jady Grad, Vice President
- Rick McDonald, Secretary/Treasurer

Supplementary letters patent were applied for and on November 15, 1999, Industry Canada officially changed the name of the Canadian Association of Animal Breeders to the Canadian Livestock Genetics Association.

In her report to the 2009 AGM, outgoing President Shelley Doan commented on CLGA's growth from 9 to over 70 members while expanding to include small ruminant and poultry genetics and noted the following highlights:

- Established a voice for our industry with government to get support

during the BSE crisis. This "put us on the map" with government agencies and other industry associations, which requires an ongoing relationship to keep up with new faces and policies in government.

- Negotiated with foreign governments to get our cattle and small ruminant markets reopened after BSE
- Organized and hosted the Endless Performance Visioning Conference in the fall of 2006. This conference helped establish CLGA as an important and viable player in the dairy genetics industry.
- Developed a board policy to give CLGA the roots it needs to continue to be successful.
- As part of the board's strategic planning, we conducted a survey for members to voice their opinions and provide input into future directions.

Current CLGA President, Russell Gammon states:

"CLGA enters its second decade with a profound determination to focus on excellent service to our large membership base. We will build on past successes and learning and forge ahead. We'll continue open cooperation with our members, industry partners here in Canada and abroad and government to innovate and lead on animal health and market access issues. The best years for the Canadian livestock genetics industry are still ahead!!!!"

Canadian Livestock Genetics Association is a nationwide, not-for-profit trade association representing the market access and animal health interests of those involved in the sale, service and promotion of livestock genetics both domestically and internationally.

Enhanced Mastitis test available from DHI

(Guelph, ON – November 23rd, 2009) CanWest DHI is pleased to announce the introduction of the new Mastitis 3 testing service. Building on the success of the Staph. aureus mastitis test introduced earlier this year, the enhanced test identifies the presence of the three major mastitis pathogens commonly referred to as the "contagious" pathogens, specifically Staph. aureus, Strep. Agalactiae and Mycoplasma bovis. In addition, where Staph. aureus is detected the presence or absence of the Bactamase gene, which conveys penicillin resistance, will be reported. As a note, Mycoplasma analysis will not be available until the spring of 2010, when the full test enhancement is completed. The convenience, reliability and rapid turn around of results of the Mastitis 3 test offers significant improvements in mastitis management. The test, based on Polymerase Chain Reaction (PCR) technology, identifies the DNA of mastitis causing pathogens. According to Richard Cantin, DHI's Manager of Marketing and Customer Services, "The ability to use this test on the same composite preserved cow milk sample currently collected by DHI, as well as the easy integration of test results with current and historical SCC information, which has not previously been possible with traditional tests, is

proving to be an excellent information package for mastitis management." Cantin adds, "Producers have the ability to test the entire herd, selected cows, such as newly purchased cows and cows displaying clinical signs of mastitis, or test for cows that exceed a certain producer selected SCC level, where those samples will be redirected from the SCC analyzer to the Mastitis 3 test. The testing choices are very flexible and it is up to each producer and their veterinarian to decide which testing options best meets their needs." The Mastitis 3 test will be available at the same price as the Staph. aureus only test, which will be discontinued. Herd owners should work closely with their veterinarian for test results' interpretation and action plan for test positive cows. For more information on the Mastitis 3 test, talk to your veterinarian, contact your local DHI field service representative or call DHI at 1-800-549-4373.

CanWest DHI is a non-profit milk recording organization, providing profitable dairy management solutions to dairy producers across Ontario and Western Canada.

US animals coming to Canada

- Please remember to have US animals coming to Canada transferred in the herdbook of Brown Swiss USA. Once completed an application for registration of an imported animal will need to be sent to CLRC along with the extended pedigree information. Having the parentage information entered will help alleviate any concerns in the future.

From the Secretary Manager's Desk ...

Wow, once again a high quality Brown Swiss Show at the Royal Winter Fair on Friday, November 13th! There was definitely no bad luck this Friday the 13th. As a breed, everyone benefited from such a great show. Thank you so much to the many people that help make the show possible and run so smoothly. I won't single out any names but you all know who you are. Thank you to our exhibitors and sponsors who continue to support the show year after year. At our exhibitor meeting following the show, the judge for next year was selected by ballot. The judge for the 2010 Royal Brown Swiss Show has been contacted and Glen McNeil, Goderich, Ontario indicated he will be honoured to officiate for the Brown Swiss Show.

There are a couple of deadlines that are fast approaching that I would like to draw to your attention. The entries for the All Canadian Contest are due to the office by December 31st. Any amendments to the constitution are due to the office by January 25th, in order for the amendment committee to review before sending to the membership.

Please note that the dates for the Annual General Meeting have changed. The Manitoba Brown Swiss Club will be hosting the AGM from March 25th – 28th,

2010 in Winnipeg. The details are listed on the front page of this newsletter so please plan to join us and book your accommodation & transportation well in advance. The National Board of Directors has motioned to encourage each province to select a representative to invite to attend the AGM Board of Director's Meeting. The office would then forward an invitation to these individuals to attend in order to obtain new ideas and feedback. All travel expenses for this meeting would be at the member's own expense.

The Association has had another good year with both registrations and transfers up from last year. Please continue to register your animals in a timely fashion and if the animals are from the United States, they would also need to be Canadian registered. Thank you so much for another great year and for the opportunity to serve your breed. Wishing you and yours all the best this holiday season!

Merry Christmas and a healthy, safe, prosperous New Year!

Jessie Weir
 Secretary Manager

Season's Greetings from Canadian Brown Swiss & Braunvieh Association

One of the real joys of the holiday season is the opportunity to say thank you and to wish the very best for you in the new year.
